U. S. MARINES TO GUARD AMERICANS ARE LANDED AT SMYRNA

U. S. MARINES LAND AT SMYRNA AS TURK ARMY DRAWS NEAR

Greeks Give Notice They Cannot Guarantee Safety of Americans.

TURKS 20 MILES AWAY.

Vanguard Reaches Aegean, Driving Greeks and Refugees Before Them.

CONSTANTINOPLE, Sept. 8.—American marines have landed at Smyrna and are taking steps to protect United States citizens as the Turkish Nationalist Army, driving defeated Greeks before it, nears the city, according to reports reaching here today.

Greek authorities are said to have informed the Allies they are unable to guarantee the safety of foreigners in Smyrna when the routed Greek Army reaches the port city. American and Allied detachments disembarked to guard the consulates.

The victorious Turks, under Mustafa Kemal, had pushed forward to within about twenty miles of Smyrna, at latest reports, and had broken through the last weak defenses and reached the Aegean Sea. The Greek Army, routed, was retreating upon Smyrna, accompanied by thousands of refugees. Dangerous congestion, with spread of disease and famine, is feared in Smyrna.

A half circle from Bergama on the north, where Noury Bey's cavalry column is operating, to the Meander River on the south, is being drawn by the Turks, in their drive upon Smyrna. Their booty includes 700 guns, 200 machine guns and 1,000 motor trucks.

Officers on the American destroyers arriving at Smyrna estimated the number of refugees from the interior now in the city at 100,000. Munitions are being transported to neighboring islands.

ATHENS, Sept. 8 (Associated Press).—The Greek Government resigned yesterday. King Constantine has asked Nikolaos Kalogeropoulos to form a new Ministry.

PARIS, Sept. 8.—France's reply to the British proposal regarding an armistice between the Greeks and the Turkish Nationalists expresses the concurrence of France with the British view in favor of ending the struggle. It was learned today.

Greece's offer to get out of Asia Minor if Mustafa Kemal will grant an armistice has met with refusal. It was semi-officially stated here today. The Turks, according to Field Bey, their European representative, intend to force unconditional surrender by capturing Smyrna first and negotiating afterward.

Field Bey said the Greeks would not only be forced from Asia Minor but would be required to surrender all war material.

Kemal personally fought fifteen women soldiers who fought with distinction at the battle of Afun Karahisar.

Cops Held Up in Police Wagon By Their Prisoners Who Rob Them, Beat Them and Steal the Patrol

Three Meekly Submit to Arrest, Then Spring Surprise While in Custody.

USE CAPTOR'S PISTOL.

Two Fugitives Captured Later, One Shot, in Fight at South Plainfield.

Lieut. Higgins, of the Plainfield, N. J., police, came on three men tinkering with an automobile on West Front Street in that city early this morning. He was sure from their unfamiliarity with the machine that they were not properly in possession of it and arrested them. He telephoned to headquarters for the patrol wagon.

When the wagon arrived, with Sergeant O'Keefe as chauffeur, the three prisoners climbed in meekly. A moment after the patrol started on its return trip one of the three, a red-headed freckled man of stocky build, who had crowded up close to the front of the wagon, snatched O'Keefe's pistol from his holster and turned it on Higgins, who was riding at the back.

"Put up your hands," he said to Higgins. Higgins obeyed. The man walked down to him, struck him over the head with the barrel of the weapon and then kicked him to the street.

By this time O'Keefe had stopped the patrol wagon, but the other prisoners had seized him from behind and threw him to the roadside, after taking his blackjack and such change as he had in his pockets. One of the three slipped into the driver's seat and all three drove off towards Newark.

O'Keefe made a quick report to Police Headquarters by telephone and an alarm for a red-headed man, a Spaniard who talked broken English, and another "just ordinary fellow" in a stolen patrol wagon was broadcasted by radio and wire to all the cities and boroughs in the newly formed metropolitan police district.

Chief of Police McCarthy of South Plainfield intercepted the stolen patrol wagon on the outskirts of Metuchen. One of the men beside the driven drove a pistol as the chief ran to the middle of the road. McCarthy promptly shot him through the leg.

The wagon stopped and the driver and the wounded man surrendered. The third man, who was riding in the back of the patrol wagon, slipped out and ran away, making good his escape. A detachment of South Plainfield police took the prisoners back to Plainfield in chains. They refused to give their names or to tell where they got the automobile with which Higgins found them.

IZZY EINSTEIN AND TWO DRY AIDS ARE ARRESTED

Deputy Sheriff at Providence Takes Them After Big Rum Raids.

PROVIDENCE, Sept. 8.—Izzy Einstein, Moe Smith and Frank Reager, New York Federal prohibition agents who have been making whiskey raids here for the past three days, were arrested by Deputy Sheriff this morning on civil warrants charging trespass and assault.

The arrests followed the filing of suits in the Providence County Superior Court, seeking damages of \$10,000 against each of the agents. United States Commissioner Archibald C. Matteson, in the doorway of whose office the arrests were made, characterized the action as "high handed," and intimated that habeas corpus proceedings would at once be instituted.

Federal officials said the deputy sheriffs were in contempt in arresting Government agents in the prosecution of their duties.

The three agents were released on bail.

SWEETSER BREAKS COURSE RECORD; LEAD JONES 5 UP

Missed Putt at 17th Loses Only Hole for Metropolitan Champion.

Evans six up.

By William Abbott.

THE COUNTRY CLUB, BROOKLINE, Mass., Sept. 8.—Jesse Sweetser of New York, shooting a sensational round of 63, one stroke under the course record, led Bobby Jones of Atlanta by five holes at the end of the first half of the thirty-six hole semi-finals here today for the national amateur golf championship.

Charles Evans finished the first eighteen, 5 up over Rudy Knepper, Sweetser, six up at the first nine, made only one mistake on his record-breaking round, when he took an extra putt at the seventeenth, and this was the only hope Jones could win from the twenty-year-old metropolitan champion. The boy wonder of the South, after an erratic start, settled down and played magnificent golf, coming in, his 34 for the last nine being two strokes under par.

Eight of the last nine holes were halved. The greens and fairways were roped off to give the two young stars room to swing their clubs. Squads of bluecoated policemen and club officials with flags endeavored to herd the big gallery together, but these precautions were unsuccessful.

As spectators' shots followed in quick succession the fans began running down the course like so many frightened deer and toward the end of the round one had to literally fight for a vantage place. The enthusiasm rose to great heights when Jones, apparently hopelessly outclassed at the ninth hole, suddenly rallied and made

SHOOTS AT AUTO AT MILLER AND HOME EGYPTIAN Called With Letter for President.

PARIS, Sept. 8 (Associated Press).—Georges Saem, an Egyptian student, fired a shot at an automobile in front of the Palace of the Elysee today, believing the car to be President Millerand's. The shot went wild.

President Millerand was at his country residence at Rambouillet at the time. Carrying a small brown satchel, Saem came to the Elysee and asked for President Millerand, saying he had a letter for the President. The guard took the letter, promising to deliver it to the President personally.

The youth suddenly inquired if the President's carriage had left the palace. The guard replied that the automobile had just left. Saem drew a small revolver of an obsolete type and fired point blank at a car that happened to be in the front driveway.

Evidence in the killing of Jack Bergein was heard today by the Grand Jury of Bergen County in the County Jail.

Miss Thornton is nineteen years old and is a motion picture actress. She has been questioned several times in connection with the murder and, according to the prosecutor, was present in the Kline home the night Bergein was shot.

CAROLYN SHUSTER AND YOUNG MORRIS FOUND IN KENTUCKY

Recognized in a Village Six Miles From the Scene Where They Left.

NOT WED, SAYS UNCLE.

Simply on a Visit and Mistaken Impression Was Created.

(Special to The Evening World.)
GLASGOW, Ky., Sept. 8.—Carolyn Shuster, eloping daughter of W. Morgan Shuster, President of the Century Company, and William Morris, the twenty-year-old youth with whom she tried to elope, were caught today at Goodnight, six miles from here.

They were in hiding out there hoping to resume their trip. Morris went to a house nearby to get water and was recognized. Word was sent to Glasgow and the girl's uncle went and brought the elopers back.

They were accompanied by Roger Dickinson, another youth.

Basel Preston and Tom Hatcher, two other Glasgow youths had started to Cave City to catch a train, but their automobile broke down. The couple did not get a chance to marry.

Ballard Trigg, the girl's uncle, today denied there had been an elopement. He said Miss Shuster went to the country to attend a party, and a mistaken impression that she had eloped was given out.

MISS THORNTON IS ARRESTED FOR BERGEN KILLING

She Is the Woman Who Gave Kline Information That Lead Him to Kill.

Miss Alice Thornton of New York was arrested today in Hackensack, N. J., on a warrant charging her with murder in connection with the killing of Jack Bergein, motion picture actor, on Aug. 25 by George Kline in Kline's home in Edgewater, N. J. Kline alleges that the slaying of Bergein resulted from an admission that he had assaulted Mrs. Kline in a hotel in Saranac Lake, N. Y.

Miss Thornton is believed to have been the first person to give Kline information that caused him to suspect Bergein. She is the third person charged with murder as a result of the killing. The others are Kline and Charles Scullion, brother of Mrs. Kline.

It was announced by a representative of the prosecutor's office that Miss Thornton, Charles Scullion, and Kline are to be arraigned on Tuesday next before Supreme Court Justice Parker at Hackensack on charges of murder.

Miss Thornton had been on the Grand Jury room, it was announced, as a witness for the State just before the warrant for her arrest was obtained. She was taken to the Prosecutor's office, where a statement was made by her. Later she was taken to the County Jail.

Miss Thornton is nineteen years old and is a motion picture actress. She has been questioned several times in connection with the murder and, according to the prosecutor, was present in the Kline home the night Bergein was shot.

Evidence in the killing of Jack Bergein was heard today by the Grand Jury of Bergen County in the County Jail.

Modesty and Conscience Sole Guides to American Beauties in One-Piece Bathing Suit Parade

Mayor Lifts All Atlantic City Restrictions in Honor of Fall Pageant.

ATLANTIC CITY, Sept. 8.—Conscience and modesty were the only guides to styles for bathing beauties here today as more than 1,500 others joined the fifty-seven entrants to the beauty pageant who promenaded along the beach for the selection of the Queen of American Pudebitudo.

The cause was the lifting of all official bans on one-piece bathing suits by Mayor Edward Bader and the effect was gorgeous.

Fifty-seven varieties of American beauty stood forth on the sands of the beach this afternoon for the review in which "Miss America of 1922" will be crowned. Critics in every section of the country were represented. This afternoon it was a contest of face and form—ravishing dinner dresses and Paris frocks being laid aside for the moment, and the sheer, natural beauty of the contestants brought to light.

The girls, chosen beauty queens of their respective cities, took full advantage of the special dispensation of Mayor Bader. A medium of grumbling had been heard prior to the review from mermaids who feared the threat of bearing the burden of too much—and probably marvellous—clothing, but when the announcement went out that all bets were off for this afternoon, there was considerable joy.

The result was that when Hudson Maxim as "King Neptune" played his role of the Paris of the "bathing beauties" array of one-piece bathing costumes over gathered to

STRIKE LEADERS QUIT HIDING; PEACE TALK ON IN CHICAGO; 10 ROADS SETTLE, IS REPORT

EXTRA

SERIOUS TURN IN ILLNESS OF MRS. HARDING

Complications "Slightly Abated" To Day, Says Dr. Sawyer.

WASHINGTON, Sept. 8.—Serious complications developed in the illness of Mrs. Harding, wife of the President, last night, but they were

MRS. HARRING
DAILY PHOTO

"slightly abated" this morning, and the patient is "resting more easily," Dr. Gen. C. S. Sawyer, the physician in attendance, said today in a statement issued at the White House.

A navy physician and two nurses were called in this morning, and with Dr. Gen. Sawyer are now in attendance on Mrs. Harding.

LIGHTLESS NIGHTS NOT COMING, SAYS FUEL DICTATOR

Are Not Necessary, Declares Woodin, if Consumers Are Saving.

Fuel Director W. H. Woodin started in on his administration anything but an alarmist. He said today that while everything would be done to conserve coal, there would be nothing like the drastic measures which were in force during the war.

"I have made no appointments as yet," he said, "but I am preparing an appeal to the public utility corporations and to the people to economize on light and heat. Now, please don't run an eight column line in your papers to the effect that Broadway will be in darkness. I hope that there will be no need for that."

"There will be no need for it if the people and the corporations, the hotels and the big office buildings properly conserve their heat and light. My advice to all of them is to mix soft coal with their anthracite, where they have any of the latter. A fifty-fifty mixture will obviate the necessity of a change in their grates."

Jewell, Johnston and Ryan Are Served With Injunction On Return From Mysterious Absence of a Week.

Shopmen's Executives Confer on Separate Agreements Leaders Are Said to Have Negotiated.

It was reported in Wall Street today that Bert M. Jewell, head of the striking shopmen, and ten railroads had agreed on a basis of settlement.

CHICAGO, Sept. 8.—United States Deputy Marshal John Oros succeeded today in serving notice on leaders of the striking railroad shopmen of the issuance of the Daugherty injunction by the Federal Court here.

As Bert M. Jewell, W. H. Johnston and Martin Ryan, officials directing the strike, stepped from a Baltimore & Ohio train from the East, the deputy served them with the writ.

The strike leaders, after a week in seclusion, returned to Chicago to carry on peace negotiations started with Eastern railroad executives. None of the union heads would discuss the prospects of a settlement.

They came to attend a conference of the Executive Committee of Railroad Federated Shopmen called by Mr. Jewell as a preliminary to the meeting on Monday of the shop crafts' Policy Committee of Ninety.

Mr. Jewell has been mysteriously absent since Judge Wilkerson granted the Daugherty injunction a week ago and all reports indicate that he has been in the East, conferring in Baltimore. It is said, with heads of some of the fifty-two railroads who are believed to be ready to make terms.

There is a strong probability that the national officers of the shop crafts and all reports indicate that he has been in the East, conferring in Baltimore. It is said, with heads of some of the fifty-two railroads who are believed to be ready to make terms.

T. J. Maloney of Scranton, member of the Policy Committee of Ninety, representing the blacksmiths; John Campbell, representing the electrical workers, and L. A. McGinley, another member of the committee, who are in New York, all received telegrams today ordering them to report on Monday at general headquarters in Chicago. None of the men would discuss the reasons for the call, or express an opinion as to the outcome of meeting.

HEADS OF WESTERN ROADS TO CONFER ON TERMS TO-DAY

CHICAGO, Sept. 8 (Associated Press).—A meeting of several Western railway executives with Daniel Willard, President of the Baltimore & Ohio Railroad, was expected to be held here this afternoon.

No formal announcement of the meeting was made, although it was understood the question of reaching tentative agreements with the striking railroad shop crafts was being considered.

INJUNCTION PLEA OF UNION WILL BE HEARD TO-MORROW

WASHINGTON, Sept. 8.—Hearing is set for tomorrow before the Supreme Court of the District of Columbia in the suit brought by the International Brotherhood of Electrical Workers to enjoin Federal officials from enforcing the Daugherty injunction.

This suit has the two-fold purpose.
